

A N T I Q U E S

ALEXANDER von WESTENHOLZ

Taxidermy: Jay

An extremely well mounted Jay, early 20thC, in a museum style case typical of taxidermists such as Duncan and Cullingford; this case is good enough to be by either but there is no signature so a definite attribution may be irresponsible!

38cm wide x 19cm deep x 43cm high

£650.00
