A 1930s Swedish Globe

A Swedish Globe dating from the 1930s by Jordglob, Stockholm, on an elegant mahogany base and a well made brass meridian.

It is a little on the scruffy side with a bit of wear around the equator through South America but that is as bad as it gets and the overall clarity is pretty good - a very cool thing!

30cm wide x 61cm high

£450.00
