Spanish Oak Table

Large, round, oak Spanish table, 19thC.
The top tilts to rest in a diagonal slant against two of the legs and there is a curved metal bar ending in a catch that attaches itself to the top when flat.
At 69cm high it is quite low, presumably intentionally, but this can be easily remedied by the restorers if more height is needed.

120cm wide x 69cm high

£1,300.00
