Thomsons Gazelle

A shoulder mount of a Thomsons Gazelle - there is a Rowland Ward brass plaque to theback of the shield saying "Kenya, 1977" which would make it one of the last things the company did - the shield is in keeping but the mount fells older... anyway does not detract from it being a well done head.

29cm wide x 36cm deep x 68cm high

£450.00
