Sandgrouse by Leadbeater and Son

A good Victorian oak case of Pallas's Sandgrouse and a Red-Legged Partridge. ?This is an unusaul case in that it is very deep; it would need to be somewhere high enough to let light right in to the back of the case - in good condition though and well constructed and thought out.

92cm wide x 54cm deep x 46cm high

£1,400.00
