A large oak library centre cabinet/table

Quite an unusual late 19thC oak library centre piece of furniture with original leather top - there is a large central area equally divided with open space that looks to have been able to support a single shelf at one point. There is a gilded "G" on one of the panelled sides as can be seen in the photos.

122cm wide 90cm deep x 74cm high

£2,200.00
